17:30 - 19:30: Delegate Presentations- Whats New in 2019

December 29th, 2019

07:00 - 09:00: Summary of lessons learnt/Closing comments

Note:

Sessions will be small group and case orientated

We encourage active participation in discussions by all delegates

We encourage delegates to bring their own cases for presentation and discussion as part of the program

This program will alternate clinical updates in a range of medical speciality areas with presentations on a number of themed wilderness medicine topics in keeping with the environment we are visiting

Final program is subject to change as new speakers are added to the program

Some sessions on board ship are subject to weather conditions

If interested in presenting a session please contact us at info@moteadventures.com
